Institut Jacques Monod

Research unit affiliated with the CNRS (UMR7592) and the Université Paris Diderot

Deputy Director: Valérie Doye

Director : Michel Werner

Health and Safety: Laurent Gaichet

General Secretary: Christine Bénichou

Assistant: Isabelle Labarthe

Financial Department
Stéphane Hoyez
Deputy
Marie-Hélène Catala

Human Ressources
Isabelle Ladegaillerie

Secretariat staff
Nathalie Alvarez, Sylvie Boulet, Mireille Guillard, Nadine Luquet, Martine Malet, Lindsay Polienor

Communication
Isabelle Labarthe

Computer and Network Ressources
Françoise Salemme

Logistics
N.N

In-House Store
Nor-Eddine Baouz

Preparation of Biological Materials
Patricia Woni Moussounda

Technical Services
Laurent Gaichet

Research Groups

Juliette AZIMZADEH
Cell Polarity in Development and Evolution

Guillaume BALAVOINE
Evolution and Development of Metazoans

Nicolas BORGHI
Mechanotransduction: from Cell Surface to Nucleus

Jean-Charles CADORET
Pathology of DNA Replication

Jean-Michel CAMADRO
Mitochondria, Metals and Oxidative Stress

Jérôme COLLIGNON
Regulation of Cell-Fate Specification in the Mouse

Virginie COURTIER-ORGOGOZO
Evolution and Genetics

Valérie DOYE/Roger KARESS
Nuclear Pores: Transport and Cell Cycle

Sandra DUHARCOURT
Epigenetic Regulation of Genome Organization

Julien DUMONT
Cell Division and Reproduction

Thierry GRANGE/Eva-Maria GEIGL
Epigenome and Paleogenome

Antoine GUICHET
Polarity and Morphogenesis

Cathy L. JACKSON/Jean-Marc VERBAVATZ
Membrane Dynamics and Intracellular Trafficking

Isabelle JUPIN
Molecular Virology

Benoît LADOUX/René-Marc MÈGE
Cell Adhesion and Mechanics

Sébastien LÉON
Membrane Trafficking, Ubiquitin and Signalling

Domenico LIBRI
Metabolism and Function of RNA in the Nucleus

Nicolas MINC
Cellular Spatial Organization

Khashayar PAKDAMAN
Modelling in Integrative Biology

Benoit PALANCADE
RNA biogenesis and genome homeostasis

Lionel PINTARD
Cell Cycle and Development

Anne PLESSIS
Development, Signalling and Trafficking

Marie-Noëlle PRIOLEAU
Chromosomal Domains and Replication

Vanessa RIBES
Transcriptional networks and neural differentiation

Guillaume ROMET-LEMONNE/Antoine JEGOU
Regulation of Actin Assembly Dynamics

Térence STRICK
Biomolecular Nanomanipulation

Reiner A. VEITIA
Molecular Oncology and Ovarian Pathologies

Michel VERVOORT
Stem Cells, Development and Evolution

Mireille VIGUIER
Morphogenesis, Homeostasis and Pathologies

Core Facilities

Animal House
General Coordinator: Jérôme Collignon
Head: Isabelle Le Parco

Genomics-Transcriptomics
Scientific Supervisor: Thierry Grange

ePole of GenoInformatics
Head: Anne Vanet

ImagoSeine
General Coordinator: René-Marc Mège

Flow Cytometry
Head: Magali Fradet

Electron Microscopy
Head: Jean-Marc Verbavatz. Deputy: Rémi Le Borgne

Photonic Microscopy
Head: Xavier Baudin

Palaeogenomics and Molecular Taphonomy
Scientific Supervisor: Eva-Maria Geigl

Proteomics
General Coordinator: Jean-Michel Camadro
Head: Thibaut Léger.
Deputy: Samuel Terrier

Update: april 2019
