

UNIVERSITÉ PARIS CITÉ

—

TSINGHUA UNIVERSITY

Minisymposium on Development, Epigenetics and Cell Biology

© Aude Nommick and Fan Zhou

October 8th

François Jacob room, Institut Jacques Monod

09:30 - Nicolas Minc (Deputy Director, IJM), Introduction to IJM

10:00 - Ainmeng Meng (Tsinghua), Early development in vertebrates

10:30 - Maxim Greenberg (IJM), Chromatin dynamics in mammalian development

11:00 - *Break*

11:30 - Da Mi (Tsinghua), Neural development

12:00 - Vanessa Ribes (IJM), Human neurodevelopment and disorders

12:30 - *Lunch*

14:15 - Group picture

14:30 - Qinghua Tao (Tsinghua), Mechanisms of vertebrate development

15:30 - Benoit Ladoux/René-Marc Mège (IJM), Cell adhesion and mechanics

16:00 - *Break*

16:30 - Pierre-Antoine Defossez (Deputy Director, EDC), Introduction to the EDC

17:00 - Haifeng Wang (Tsinghua), Epigenetics and genome editing

17:30 - Dounia Djeghloul (EDC), Mitotic Inheritance of Cell Identity

18:00 - Casual discussions

19:00 - *Dinner*

October 9th

09:00 - IJM - Tsinghua 1:1 meetings with PIs

11:00 - Tour of IJM imaging and proteomic facilities

12:30 - *Lunch*, organized by EDC

14:00 - EDC-Tsinghua 1:1 meetings and tour of platforms

17:00 - Depart campus
